Dear Brothers & Sisters,

I hope this letter finds you and your family healthy and safe!

As you know, the COVID pandemic continues and new variants are presenting ongoing challenges for all of us. I want to share some important information with regard to vaccine mandates that are being implemented.

Many Property Owners, General Contractors and Construction Managers are requiring proof of vaccination to enter their properties. We have been informed by Counsel that such policies are legally permissible and they have the right to restrict entry based on vaccination status. Accordingly, please be aware that, on many sites going forward you will need to prove that you are vaccinated in order to work.

We understand that getting a vaccination, like other medical issues, is a matter of personal choice and each member must make their own decision. While the Union is NOT mandating that you receive a vaccine, we encourage you to take advantage of the opportunity to be vaccinated so that you are not limited in your employment opportunities. Whatever choice you make, honesty regarding your vaccine status is imperative.

We will keep you posted at www.Roofers8.org with updates as they become available.

Fraternally,

Nick Siciliano,
Business Manager
